

Receive virtual care and support

through our Sydney Health mobile app

When you aren't feeling your best — physically, mentally, or emotionally — or you need guidance managing a health condition, help is available. You can connect to the care you need using our SydneySM Health mobile app. You can have a video visit with a doctor 24/7 for common health issues, and mental and emotional healthcare is available by appointment.¹

Plus, Sydney Health is your avenue to specialized programs designed to help you improve your habits and your health.

Visit with a doctor for common medical concerns

Doctors are available anytime, with no appointments or long wait times. They can help you with health issues, such as a cold or the flu, allergies, sore throat, migraines, or skin rashes. During your private and secure video visit, the doctor will assess your condition, provide a treatment plan, and send prescriptions to the pharmacy of your choice, if needed.³

Receive mental or emotional healthcare

If you're feeling anxious or depressed, or having trouble coping, you can set up a video visit with a licensed therapist or board-certified psychologist or psychiatrist.⁴ Appointments can be scheduled within one to two weeks.¹ Psychiatrists help manage medications; they do not provide counseling or talk therapy.⁵

Use Sydney Health to:

Help you avoid diabetes

Our Prevent Diabetes Program combines the latest in telehealth technology, biometric data, and artificial intelligence to provide you with a personalized behavior-change experience. If you qualify, you will work with a health coach to achieve your health goals and help you prevent diabetes.

Connect with a physical therapist

If you have back or joint pain, a therapist will meet with you online and design an educational program and exercise plan just for you. You will be shipped a specialized tablet and motion sensors to guide you through your exercises and provide you with real-time feedback to help you manage your health.

Help you during and after pregnancy

Now you can connect more easily to the maternal care you need. The Building Healthy Families program and breastfeeding support is available through video visits on our app. Doctors are available anytime—no appointment needed. For breastfeeding assistance, you can schedule secure online visits with a lactation consultant, counselor, or registered dietitian.

Here's how to access the program through virtual care:
